

## Directions for Winter Moose Ornament

Cut out the moose's body parts.

Take hole punch and punch holes through top of body pieces. We have done this for you already.

Take black crayon or marker and draw and color in the moose's eyes, nose and hooves.

Do front and backside of hooves.

Take string and lace through the backside of the moose-the piece of straw—the middle body part of moose – the straw-the head of moose . Once laced through all body parts as shown loop and tie off for hanging.
